Contents of *Forest Ecology and Management*, Volume 134

VOL. 134, NOS. 1–3 **1 September 2000**

Spatial pattern of subalpine forest-alpine grassland ecotones in the Spanish Central Pyrenees
J.J. Camarero, E. Gutiérrez (Barcelona, Spain) and M.-J. Fortin (Québec, Canada) 1
C and N transformations in forest soil after mounding for regeneration
A. Smolander, L. Paavolainen and E. Mälkönen (Vantaa, Finland) 17
A growth model for mixed forest stands
H.H. Bartelink (Wageningen, The Netherlands) 29
Twelve-year growth response of Scots pine to thinning and nitrogen fertilisation
E. Valinger, B. Elfving and T. Mörling (Umeå, Sweden) 45
Modelling the conversion from even-aged to uneven-aged stands of Norway spruce (Picea abies L. Karst.) with a distance-dependent growth simulator
M. Hanewinkel (Freiburg, Germany) and H. Pretzsch (Freising, Germany) 55
Interannual and spatial variation in maximum leaf area index of temperate deciduous stands
V. Le Dantec, E. Dufrêne and B. Saugier (Orsay, France) 71
Fast recovery of atmospheric methane consumption in a Swedish forest soil after single-shot N-fertilization
G. Börjesson and H.-Ö. Nohrstedt (Uppsala, Sweden) 83
Rubidium content of plants, fungi and animals closely reflects potassium and acidity conditions of forest soils
N.E.I. Nyholm (Umeå, Sweden) and G. Tyler (Lund, Sweden) 89
The impact of green spruce aphid, *Elatobium abietinum* (Walker), and root aphids on the growth of young Sitka spruce in Hafren Forest, Wales: effects on height, diameter and volume
N.A. Straw (Surrey, UK), N.J. Fielding (Hereford, UK), G. Green (Surrey, UK) and J. Price (Hereford, UK) 97
Influence of patch scarification and insect herbivory on growth and survival in *Fagus sylvatica* L., *Picea abies* L. Karst. and *Quercus robur* L. seedlings following a Norway spruce forest
M. Löf (Alnarp, Sweden) 111
Responses of understory tree seedlings to alteration of the soil fungal community in mid- and late-successional forests
L. West and R.H. Jones (Blacksburg, VA, USA) 125
Tree regeneration in felling and natural treefall disturbances in a semideciduous tropical forest in Mexico
M.B. Dickinson (Tallahassee, FL, USA), D.F. Whigham (Edgewater, MD, USA) and S.M. Hermann (Tallahassee, FL, USA). 137
Timber production of *Nothofagus pumilio* forests by a shelterwood system in Tierra del Fuego (Argentina)
G.M. Pastur (Ushuaia-Tierra del Fuego, Argentina), J.M. Cellini (La Plata-Buenos Aires, Argentina), P.L. Peri (Río Gallegos – Santa Cruz, Argentina), R.F. Vukasovic (Río Grande, Argentina) and M.C. Fernández (Ushuaia-Tierra del Fuego, Argentina) 153
Using forest fire hazard modelling in multiple use forest management planning
W.A. Thompson, I. Vertinsky, H. Schreier and B.A. Blackwell (Vancouver, Canada) 163
Indices of forest floor nitrogen status along a climate gradient in Maine, USA
I.J. Fernandez (Orono, ME, USA), J.A. Simmons (Buckhannon, WV, USA) and R.D. Briggs (Syracuse, NY, USA) 177
Structural features of old-growth Australian montane ash forests
D.B. Lindenmayer, R.B. Cunningham, C.F. Donnelly (Canberra, Australia) and J.F. Franklin (Seattle, WA, USA). 189
Variations in composition and yield of leaf oils from alley-farmed oil mallees (*Eucalyptus* spp.) at a range of contrasting sites in the Western Australian wheatbelt
D.T. Wildy, J.S. Pate and J.R. Bartle (Perth, Australia). 205
Range-wide provenance variation in growth and morphological characteristics of *Casuarina equisetifolia* grown in Northern Australia
K. Pinyopusarerk and E.R. Williams (Kingston, Australia) 219

Vegetation composition and structure of southern coastal plain pine forests: an ecological comparison
C.W. Hedman (Bainbridge, GA, USA), S.L. Grace and S.E. King (Lafayette, LA, USA) 233
Structure and population dynamics of *Pinus lagunae* M.-F. Passini
S. Díaz, C. Mercado and S. Alvarez-Cardenas (La Paz, Mexico) 249
Accumulation in above-ground biomass and soil storage of mineral nutrients in pure and mixed plantations in a humid tropical lowland
F. Montagnini (Turrialba, Costa Rica) 257
Height growth pattern of white spruce in natural subregions in Alberta, Canada
G.G. Wang (Winnipeg, Canada) and S. Huang (Edmonton, Canada) 271
